

YAKAMA NATION EMPLOYEE TRAVEL

Thank you to those employees that participated in our travel training classes held in October. We received positive feedback from the employee survey.

Winter season is upon us. Be sure to plan accordingly for travel time. If you will be flying and there is a weather delay, please be patient and work with the airport staff for flight changes. Contacting our department for flight changes due to weather will result in additional cost to a program that can be avoided if you work with airport personnel.

ATTENTION PROGRAMS UNDER HUMAN SERVICES....

Please be aware that there is a directive memo regarding travel process and approvals. This memo was sent to all employees in August. If you need a copy of the memo or have questions, please contact YN Travel.

Holiday Travel Tips

Travel during the Holiday season is stressful enough for any traveler. Long waits at the check in lines, heightened security, heavy traffic, delays and to top it off... what if you had children traveling with you? Here are some travel tips that can help get you through that holiday travel trip and have everyone be merry and stress free.

- **BE PREPARED FOR KID DISASTERS**

Kids are unpredictable. Make a disaster bag compiled of tissues, wipes, disposable bags, band aids and children meds such as motion Sickness meds and Tylenol.

- **TRAVEL DURING SLEEPY TIME**

Plan your trip during nap or night time.

- **KEEP SNACKS ON HAND**

- **PACK AN ACITIVITY BAG**

Anything to keep your child occupied. Keep a variety of small toys, coloring books and other small activities your child may like.

- **GOOD HANDS RESCUE SERVICE**

If traveling by car, All State has a Good Hands Rescue Service for on demand roadside Assistance. The good thing is you don't have to be an All State Member.
